

ENVIRONMENTAL POLICY

At KTS & YRRS Recycling Services we recognise the need for all companies both large and small to take a role in protecting the environment for the future.

This Environmental Policy is fully aligned with and reinforces the objectives set forth in the Climate Change and Greenhouse Gas Reduction Policy.

Due to the nature of our business activities, we are aware of the constant need to monitor and promote environmentally responsible practices, to this end KTS & YRRS Recycling Services pledge to:

- ✚ Take a leading role in the waste management industries by setting an example for environmental management.
- ✚ Set and monitor objectives and targets to ensure the continual improvement of our environmental performance.
- ✚ Comply with applicable legal requirements and cooperate with public authorities to ensure that contingency procedures - *to both prevent environmental incidents and limit the impact of any accidental discharges to the environment* - are established, maintained and updated.
- ✚ Adopt all new industry standards and where possible exceed them, by economically viable application of the best available technology
- ✚ Take measures to reduce resource consumption and carbon footprint, protect the environment and prevent pollution.
- ✚ Foster a sense of responsibility for the environment among employees at all levels.
- ✚ Train all staff to best business practices.
- ✚ Ensure that all contractors meet our high environmental standards.
- ✚ Endeavour to supply information to our customers on the proper handling, use and disposal of products and services provided by KTS & YRRS Recycling Services.

To ensure that these pledges are carried out the Managing Director shall ensure the resources necessary to implement this policy are provided.

This policy was approved by Mark Jeffs, Managing Director on 04 July 2025.
